U.S. Arresting of Korea 'Revolters' Draws Reds' Ire

SEOUL, Aug. 22 (AP)—Arrest of numerous ringleaders in "widespread activity of a revolutionary nature" in southern Korea was announced by Lieut.-Gen. John R. Hodge late today after the situation was disclosed by a public Russian protest.

Col.-Gen. Terenty F. Shtikov, chief of the Soviet delegation on the joint commission seeking to agree on a unified Korean government, issued a press statement charging that "mass arrest" of leftists in the past 10 days was apparently aimed at "disrupting the work of the commission." Shtikov said he had made the same statement two days ago at a commission meeting and demanded "restoration of normal conditions."

Subsequently Hodge and Maj.-Gen. Albert E. Brown, chief of the American delegation, held press conferences.

Hodge, commander of the American occupation zone of southern Korea, said Korean authorities had arrested more than 100 persons in Seoul and an undetermined number in the provinces.

He said those arrested were charged with rioting, attacking police boxes and interfering with the government's rice-collecting program. He did not disclose the extent or location of the rioting.

Hodge said the situation began with discovery in early August of a plot by leftist employes of the Korean broadcasting system to sabotage rightist speeches and inject communist propaganda into programs.

Hodge said many of those arrested belonged to organizations "tied to directions from the north," but added, "I did not say from the Soviets but from the north." Northern Korea is Russian-occupied.

U. N. Attempt In Java Said 'Bad Failure'

LAKE SUCCESS, Aug. 22 (AP)—The Netherlands declared today that the United Nations' effort to end the Indonesian conflict had been a dismal failure and that bloodshed actually had increased since the U. N. cease-fire order.

Meanwhile, informed quarters reported that the United States was ready to support an Australian proposal to send a U. N. commission of inquiry to Indonesia to report on the situation.

"Never was there such killing on the part of the republican troops and bands since your cease-fire order, Dr. Eelco Van Kleffens, the Netherlands envoy, said. "It is a strange and dreadful paradox that our cease-fire order has had an effect diametrically opposed to your humane intentions."

Van Kleffens told the council it had failed to bring peace in the Indonesian fighting "because you did not realize that this republican government is really like."

"You chose to follow an illusion, the illusion that your cease-fire order would bring order and tranquility. If you really want the fighting to stop, you must either send troops or allow us to bring about, together with freedom, that security for which millions there are yearning."

Co-ops Flayed By Agency as Probe Opens

WASHINGTON, Aug. 22 (AP)—The Maryland Economic council contended to congress today that cooperatives are being used to "rapidly developing unfair American opposition" to private enterprise.

Charles H. Black, of Hyattsville, Md., made this contention for the council as a local small business subcommittee opened an investigation of cooperatives. Black said the council is an organization of Chambers of Commerce and other business groups.

One question the house group is out to answer is whether the government is promoting "co-op monopolies" in competition with private enterprise.

In connection with that study, the congressional group took up first the operations of a co-op at the government's huge Greenbelt, Md., housing project where 7,100 persons live.

Dillon S. Myer, commissioner of federal public housing, protested vigorously against the use of the word "monopoly" in connection with the Greenbelt co-op.

While conceding that the co-op has exclusive rights to operate businesses in a half mile radius within the project, he contended the leases granted by the government to the co-op are no different from exclusive privileges granted to various businesses within large housing projects developed by private enterprise.

"The people of Greenbelt," Myer said, "have their own government and their co-op. If they didn't want the co-op they could put it out of business. I think that a co-op is just as much a part of the free enterprise system as a corporation."

Sikhs Wage War Of Extermination Against Moslems

JULLUNDUR, India, Aug. 22 (AP)—Fierce Sikh warriors, rising by the thousands, were waging today what military authorities called a ruthless war of extermination against Moslems trapped east of the Pakistan border.

In 10 days of savage fighting, while the subcontinent was being divided into the dominions of India and Pakistan, military reports showed the bearded Sikhs had overrun at least 160 rural villages populated wholly or partly by Mohammedans. Men, women and children were slaughtered by the hundreds. Shops and homes were burned and pillaged.

No one knows how many have died. Military records listed 1,500. No one seemed to know how many villages would be left before the Sikhs call their job complete.

Military leaders expressed fear that the reprisals committed by the Sikhs in payment for atrocities committed in areas where Mohammedans are in majority would provoke a new wave of butchery of Sikhs and Hindus stranded in the Moslem dominion of Pakistan.

School Enro

Enrollment schedule for Twin Falls high school students was announced Friday by Principal John Platt who predicted crowded conditions in the high school this year.

Seniors will enroll at 9 a. m. Tuesday; juniors at 9 a. m. Wednesday and sophomores at 9 a. m. Thursday. Students transferring from other schools will register at 9 a. m. Friday. All junior high school students should report sometime during the week to the junior high building to find their home rooms. Transfer students to junior high will register Thursday; seventh graders at 1 p. m., eighth graders at 2 p. m. and ninth graders at 3 p. m., all in room 126.

Students will be required to register for five or six school hours, including one study hall period. Those who take four classes and one study hall will come to school at 9 a. m. and be dismissed at 3 p. m. Those who take five classes and one study hall will report to school at 8:15 a. m. and be dismissed at 3 p. m.

Four Sought for Jackpot Robbery

GOODING, Aug. 22—The Gooding county sheriff's office is looking for three men and a woman wanted for questioning in connection with the looting of two slot machines Thursday.

The four people are traveling in a car carrying Montana license 36-1436.

It was reported they were involved in the "tripping" of a slot machine jackpot at the Y Inn Thursday and the four people are wanted for questioning concerning robbery of a slot machine at Shoshone Thursday night.

Worm Turns; Freight Rates Hiked in East, Cut in West

WASHINGTON, Aug. 22 (AP)—Railroad freight rates on manufactured goods went up in the east and down in the south and parts of the west today, making this a red letter day in the nation's transportation history.

For that upward and downward readjustment at one minute past midnight marks the actual start on the long projected national "freight rate equalization plan."

That plan is designed eventually to provide uniform hauling charges based on weight and distance for every manufactured article, without regard to point of origin.

Carrying out an interstate commerce commission order of May 15, 1945, upheld by the supreme court last May 19, the railroads:

Increased by 10 per cent their "class rates" (that is, rates on manufactured goods) in the eastern states north of the Ohio and Potomac rivers and east of the Mississippi.

Reduced by 10 per cent the rates on the same articles moving in or out of the south and western states this side of the Rocky mountains.

This of itself does not add up to uniformity or equalization.

But the ICC said in its 1945 order that it would provide "interim" relief from the "undue prejudice" which the old rate structure imposed on some parts of the country, pending adoption of a permanent new scale "for uniform application." This permanent scale is now in the making.

Commission authorities say that from a general revenue standpoint, the railroads stand to break about even on the changes made today.

"Class rates" on the west coast, known as Pacific-mountain territory, are not immediately affected. In that area, rates have been developed to meet special conditions.

Nurse Appeal Issued For Polio 'Epidemic'

BOISE, Aug. 22 (AP)—The American Red Cross and the National Foundation for Infantile Paralysis issued appeals today for nurses and volunteer aides to help combat a polio outbreak that has stricken 66 southwestern Idahoans compared with 11 for the same period a year ago.

Mrs. Harriet Klinger, executive secretary of the Boise Red Cross chaper, asked all registered nurses in the Boise area to list their names with the Red Cross. Mrs. Robert B. Dunn, Boise chairman of the polio emergency volunteers of the national foundation, asked 30 Boise women to take training as aides to administer hot packs and other post-hospital care for patients.

There were 25 persons hospitalized in Boise as officials made ready [illegible] after Dee [illegible] director for the national foundation, declared "We must just as well be realistic and face the fact that polio historically extends to the latter part of September."

Belveal said "if the present rate of incidence and the current rate of expenditures continues for 60 days" at least $150,000 will be needed to fight the epidemic.

An appeal has been made to Idaho's 66 county chapters of the national foundation to pool $50,000 of their funds as a starter.

"Our reason for requesting the pooling of chapter funds," Belveal explained, "is predicated upon our responsibility to our state as a whole and an effort to make maximum preparations for any conceivable developments in the Idaho polio picture," Belveal said.

Seven nurses and three physiotherapists will arrive in Boise in a few days.

Colorful Parade Held to Observe School Opening

Some 500 Twin Falls young folks wearing that many different costumes participated in Friday morning's back-to-school parade through the business section and then congregated at the city park for judging, a bubble gum blowing contest and to consume popsicles.

Sections in which costumes were judged included pioneer dress, hobo wear, blackface, back - to - school dress, vehicles and floats and various types of pets.

In charge of the event were city recreation officials and a Merchants' bureau committee headed by Vic Goertzen. A group of three women and two men acted as judges, and a number of parents and other interested persons thronged the park to watch the judging conducted in the bandshell.

1,500 Attend Horses Event Opening Here

Thursday's first night performance of the Magic Valley Horse show brought a fast-moving display of some of the intermountain west's leading horses before nearly 1,500 persons who gathered at Frontier field despite a chill breeze and a threat of rain that didn't materialize.

The event, to be presented Friday and Saturday nights also with different classes and contestants, opened with some thrills in the jumper class and built up to the climax of the five-gaited open competition for finished specimens of blooded horses. Interspersing these events were colorful and sometimes humorous contests, such as the musical chairs number.

Starting promptly at 8 p. m., the announcer, Jerry Crumrine, Marysville, Calif., introduced Judge Revel English, whose horses have won two world's championships; Ringmaster F. C. Shenenberger; and Joan Lindenman, who presented the trophies and cash prizes.

Egyptian Rioting Protests Acts of U. N. for British

CAIRO, Aug. 22 (AP)—Thousands of riotous Egyptians, some shouting "Down with America!" clashed with police in demonstrations today against the trend of United Nations security council discussions on this nation's dispute with Britain.

The number of demonstrations reached about 5,000 at one time in Cairo. They reformed after they were scattered by police fire.

They demanded evacuation of British troops from Egypt "by blood."

"Down with America, the traitor!" demonstrators shouted. "Down with Brazil, the traitor! Egypt defies the security council. Egypt defies the whole world."

They called also for revenge on "traitorous Egyptian police."

The Egyptians want a security council ruling on their demand for withdrawal of British troops from Egypt and an end to British participation in the administration of the Sudan. Brazil proposed at Lake Success this week that Britain and Egypt start over again on their deadlocked negotiations, and keep the council informed.

The United States supported Brazil's proposal.

Jewish Refugees On Way to Reich

PORT DE BOUC, France, Aug. 22 (UP)—Three British ships sailed for Hamburg today with nearly 4,500 Jewish refugees who had been on a seaborne sitdown outside this port for 25 days.

The British ships lifted anchor shortly after the 6 p. m. deadline of an ultimatum to the refugees to debark or be sent to Germany.

Labor Receives New Set Of Rules; Ford Workers Sign; Dock Walkout Seen

By The Associated Press

The nation's labor unions got a new set of rules today, the Taft-Hartley act, and only seconds before it went into effect at midnight 107,000 production workers and the Ford Motor company agreed to a contract clause for a union shop. The United Automobile Workers (CIO) thus bypassed a provision of the law making majority approval by a company's employes a requirement for a union shop. Rumblings of a dock strike on the west coast, and a move by the long-organized printers to ignore the new rules to a large extent, were other accompaniments to advent of the sharply-debated new law.

* * * *

During the 60 days since the law's enactment by the 80th congress over President Truman's veto, many unions had taken action similar to that of the Ford workers. In New York City, the greater New York CIO council estimated that 65 per cent of the 10,000 employers having contracts with 300 CIO locals there had signed one-year contract extensions before the deadline.

Developments Told

Labor developments elsewhere included:

San Francisco—The International Longshoremen's and Warehousemen's union (CIO), in a dispute over employer refusal to recognize unionization of longshore walking bosses, warned shippers of the possibility of a west coast maritime tieup and at the same time advised its locals of an impending "lockout" sometime after today.

Cleveland — The International Typographical union (AFL), which long has enjoyed a closed shop which now is outlawed by the new act, wrote a "no-contract" policy into its by-laws, saying that upon expiration of existing contracts "our members may accept employment only from employers who are willing to employ them under the 'conditions of employment' which the several unions adopt, after approval by the executive council of the ITU." A walkout in the event non-union printers were employed presumably would be a no contract violation if there were no contract.

Meatless Days, High Price Seen for 1948

WASHINGTON, Aug. 22 (AP)—Unless good rains break the midwestern heat wave quickly, American housewives may as well resign themselves to some meatless menus next summer—and possibly much higher prices for what meat they do get.

A special agriculture department report yesterday showed that bad crop weather has cut corn production prospects to the lowest level since the severe drought year of 1936. And this year's corn crop will largely determine the size of the nation's meat supply in 1948. A smaller meat supply would hit consumers hardest in the summer since that is the season when livestock marketings normally drop to their lowest level.

The department said the heat wave, which has gripped the midwestern corn belt since late July, had cut corn prospects from 3,770,000,000 on July 15 to 2,437,000,000 bushels by Aug. 15—a decline of 333,000,000 bushels.

The latest estimate did not take into account damage which may have been caused by the hot weather since mid-August, or the possibility that the crop may be of poor feeding and keeping quality. Much of it late due to a cool, wet planting season, the crop will be subject to frost before it has fully matured and dried.

The government's original corn goal was 3,000,000,000 bushels. And officials have said that around 2,850,000,000 bushels would be needed to maintain meat production near the present high level of 155 pounds a year per capita. The crop last year set a record of 3,287,000,000. The average for the last 10 years was 2,689,000,000.

A crop of the size indicated would cut meat production possibly 15 to 20 pounds a year per person. It nevertheless would still be above the prewar average of 126 pounds.

Job Training Plan Renewal To Be Sought

Renewed activity of the Twin Falls community apprenticeship committee, under whose efforts about one dozen apprentice plumbers were trained during the past year, was proposed at a meeting held Thursday night in the Idaho Power auditorium.

Mayor H. G. Lauterbach was named chairman of the committee, with W. A. Threlkeld as his secretary.

Committee Named

Appointed to an organizational committee representing various trades were W. L. Hendricks, plumbers; R. G. Ruth, electricians; A. Federico, painters, and Stuart Swan, carpenters. Representatives from other trades will be selected later. J. H. Briggs and John Brosnan were appointed as a publicity committee.

At future meetings, trade subcommittee will be organized to supervise training of apprentices. Purpose of the program is to train skilled craftsmen in all apprentiable trades, and provide young men an opportunity to learn a trade under competent supervision.

Break in Ditch Endangers Crop Near King Hill

KING HILL, Aug. 22 — Loss of their crops unless irrigation canal repair work is completed soon was predicted Thursday by farmers who depend entirely upon the King Hill irrigation ditch for their water.

The farmers said their crops are badly in need of water now. Crops affected include beans, some corn, the third crop of hay, alfalfa, melons and other truck crops.

Repairs on a 60-foot section of the ditch, washed out when banks broke last week, are expected to put the ditch in operation by "the first of next week," according to workmen.

The break occurred at a point where the irrigation ditch rounds the point of a steep hill. The resulting washout necessitated a tunnel through the hill.

A layer of boulders delayed the tunneling for several days until a vein of clay was found which workmen believe will be satisfactory for a tunnel.

Cuba Beaten On Economic Freedom Bid

QUITANDINHA, Brazil, Aug. 22 (AP)—Cuba was defeated today in her demand that provisions for protection of the "economic independence" of American nations be written into a hemisphere defense treaty.

The steering committee of the 20-nation inter-American defense conference voted down the proposal. Fifteen nations voted against the measure, which the United States has opposed.

Conference Jolted

Earlier, Argentina jolted the conference with a surprise move to bar joint use of armed forces in combatting aggression from within the western hemisphere.

Breaking sharply with provisions of the act of Chapultepec, the Argentine delegation submitted to the 20-nation conference a new proposal for the mutual defense treaty in the making here under which common military force would be employed only against attack from outside the Americas.

Ask No Desireaction

The United States and seven Latin American nations have presented proposals making no such distinction between aggression from without and from within the hemisphere.

Under the act of Chapultepec, signed at Mexico City in 1945 by 21 American republics including Argentina, the invasion of territory of an American state by armed forces "of any state" would be branded as aggression.

The Argentine proposal was submitted to the conference secretariat only an hour before last night's deadline for admission to the agenda of new treaty projects.

Elmore Gives up Search for 'Pete'

MOUNTAIN HOME, Aug. 22 (UP) —Elmore county authorities today were convinced that the two-gun bandit who kidnaped three Rio Tinto, Nev., miners and took them for a wild, 100-mile ride to Mountain Home is not in this area.

Sheriff Arthur Stevens said a thorough search of the area near where the auto used in the kidnaping was discovered revealed no trace of "Two-Gun Pete," whom officers tentatively identified as Claude Wilcroup, 27-year-old laborer from Thirlock, Calif.

However, Stevens said a sharp lookout is being maintained for the man. Wilcroup routed three miners from their bunkhouse early Tuesday morning and forced them to drive him to Mountain Home before dumping them out just west of the city on U. S. highway 30.

Jap 'Visitors' Linger in Idaho And Oregon; Rush From Utah

WASHINGTON, Aug. 22 (AP) — Utah, where 10,000 west coast Japanese and Japanese-Americans were settled to wait out the war, was one of the first states to lose its emergency visitors when evacuation orders were lifted.

Idaho and eastern Oregon, where the evacuees were slow in settling, still have considerable numbers of them who show an indication of permanency.

These contrasting situations were revealed in a report of the interior department's agency which is liquidating the war relocation authority. The WRA managed the huge camps where the evacuees were housed beginning in 1942.

Utah had as many as 10,000 persons of Japanese descent between 1943 and 1945, but, the report says, "when the west coast was opened, they were among those closest to their old homes and movement back to the coast developed quickly."

It is estimated that there are not more than 4,500 Japanese-Americans now in the state which had 2,210 in 1940. Most are farmers, who found Utah's farming technique similar to that which they had left.

In Idaho, there were about 150 families—a few more than 1,000 people—well established as specialty farmers along the Snake river before the war. In Malheur county, Ore., there were only 135 persons of Japanese descent listed in the 1940 census.

The agency says the Japanese population on the Idaho side of the Snake river and in the Boise valley, now numbers around 1,500. Some who left for the west coast have returned, principally because they were unable to find housing or desirable jobs.

Cobb, Jenkins Record Tries Start Monday

BONNEVILLE SALT FLATS, Utah, Aug. 22 (UP)—John Cobb, England, and Ab Jenkins, Utah, will both make all-out assaults on the full car auto racing records in a dual speed run here Monday, it was announced today.

Cobb will be after new records for the flying-start measured mile and the measured kilometer. He already holds these marks at 366.9 for the mile and 369.7 miles per hour for the kilometer.

Seeks Class Marks

Jenkins will be seeking class D records for those same distances on the straightaway, where he'll start his run Monday as soon as Cobb is through.

After the straight run, Jenkins won't even stop but will drive once in a 10-mile circular track where he'll begin a run that he hopes will last 12 hours. If Jenkins and his relief drivers can average 200 miles per hour for their run, they'll establish more than 50 new records for various closed-course times and distances.

Tracks Said Ready

Utah centennial commission officials said today that only bad weather could put a crimp in the joint-run plans. They said the tracks are ready and both autos will be in top shape after mechanics work them over this week-end.

Originally, Cobb had planned his assault for last week—and Jenkins had been hoping to go early this month. But bad weather and mechanical difficulties have set them back repeatedly.

Yesterday at dusk, Jenkins' young 25-year-old son, Marve, stacked up eight records of his own by smashing four national and four international marks. Young Jenkins averaged 179.434 miles an hour over the 5 and 10 mile and the 5 and 10 kilometer classification records.

Solons Differ Over Goals of New Measure

WASHINGTON, Aug. 22 (AP)—As the Taft-Hartley act went into full force today—ending this country's labor policy to a new track—evidence mounted of a deep-rooted difference of opinion among supporters of the new law as to its basic philosophy.

This difference is between:

1. Those, like Representative Hartley, R., N. J., who hold that employers should take full advantage of the law, and that if they bargain away any of their new rights they are violating the "spirit" of the act.

2. Those, like Senator Taft, R., O., who hold that since the law is designed to encourage free collective bargaining and peaceful relations employers can make any agreements they please if these don't violate the letter of the act.

Taft Views Clear

Taft made his views clear when John L. Lewis won his contract battle with the coal operators early last month. Since then he has had little comment on the new law.

But Hartley told employers at a speech at Chicago yesterday that they now have an act which protects their rights. He also reiterated his warning to employers that if they sign contracts which "violate the spirit" of the act, he will bring them to Washington and ask, "How come?"

Hits 'By-Pass' Tries

Last week in Detroit, Hartley struck out at "big business leaders who are attempting to by-pass" the new law. He charged that [illegible] union for refusal to bargain in violation of contract, but a number of employers have agreed not to use unions for strikes which the unions don't authorize.

The most major provisions of the union-curbing law took effect today, 60 days after congress enacted it over President Truman's veto.

Register, walked out last night, their leader saying the CIO executive board had sanctioned the walkout.

Chester, Pa.—Ninety Chester taxi drivers struck at 5 p. m. yesterday, leaving the city of 70,000 with only 11 independent cabs operating. The Transport Workers union (CIO) demanded a $39 guarantee for a 60-hour week and 45 per cent commissions.

To Ignore Board

New York—The executive board of the American Communications association (CIO), claiming 35,000 members, voted to refuse to submit any issues to the determination of the (Taft-Hartley national labor relations) board." The International Alliance of Theatrical Stage Employes and Moving Picture Machine Operators (AFL) announced it would submit reports required under the new law, including affidavits that officers are not communists, on the ground that withholding them would not "help legitimate trade unions in this fight" against the act.

Minneapolis — James M. Shilers, resigning as national labor relations board director for the 18th region, issued a statement saying, "I cannot conscientiously administer the Taft-Hartley act."

Contract Signed

Washington—An attorney for the United Wallpaper Craftsmen (AFL) said they were 30 seconds ahead of *the Taft-Hartley deadline in signing* a one-year closed shop contract providing a wage increase of 10 cents an hour.

Detroit—Chrysler corporation said the cutter grind department of its Jefferson avenue plant was closed by what it termed a "wildcat strike" on the first day of the new Taft-Hartley law.

$341 Awarded in Suit for Payment

A verdict to award $341.12 and court costs to the Twin Falls Credit Adjustment Bureau was given by a six-man probate court jury Thursday evening in the firm's suit for that amount against Robert Morris. Trial of the case began Wednesday.

The suit stemmed from an account allegedly owned to a Buhl firm for groceries, gasoline and oil, and assigned to the credit company for collection.

Called to the witness stand by J. H. Barnes, attorney for the credit firm, were Mrs. Louise Hughes, Chester W. Peterson, M. M. Milton, Nick Hunt, and C. R. Reeves, the defense attorney.

Morris, George M. Sargent and Don Smalley were called as witnesses by Reeves.

Jurors were Clyde Edminster, George A. Bradley, Frank Denton, W. T. Sheldon, W. L. Gardner and Ivan Wilson.

Suit for Divorce Is Filed in Court

In a complaint charging cruelty filed Friday in district court, Hazel Lee asked a divorce from Ben H. Lee to whom she was married July 2, 1943, in Tacoma, Wash.

Mrs. Lee charged her husband with being critical of her housekeeping and cooking to the point of forcing her to let him do the tasks and with continuously upbraiding her in public for her actions.

In the complaint filed by her attorney, D. L. Carter, Weiser, Mrs. Lee said there were no children or community property.

Traffic Fines

Payment of one fine for a parking violation and 16 more over-time parking fines has been made in Twin Falls city traffic court.

Orion Mack paid a fine of $2 for parking in an alley and fines of $1 each were paid by J. L. Radford, H. W. Zimmerman, Mrs. K. L. Anderson, Henry Colner, Ray Bush, R. Williams, W. A. Andrews, Roy Smith, Sterling Larson, H. N. Williams, J. O. Johnson, Etta Riley, George Dougherty, Leonard Jacob, Bob Minshew and Mrs. Wesley Horn.

Third Work Party Slated on Sunday For Country Club

Third in a series of work parties by members of the Blue Lakes Country club will be staged Sunday starting at 8 a. m., according to Al Westergren, chairman of the grounds committee.

Work to be done will include painting and repairing of picnic tables, completion of construction of fireplaces, ditching to drain certain portions of the grounds and general cleaning up.

A number of picnic sites are being developed along Alpheus creek by volunteer workers in their spare time. These are in addition to the main picnic grounds near the lakes at the bag of the grade where most of the work Sunday will be concentrated.

Another major improvement was oiling of the reconstructed road at the hairpin turn. This was completed recently.

According to Thomas C. Peavey, president of the club, a landscape architect will come to Twin Falls next week to discuss plans for development of the organization's entire layout, including a golf course and clubhouse.

Tax Deed Notices To Be Out Sept. 1

Notices of pending issue of tax deeds are being prepared by the county treasurer's office to be sent to about 50 Twin Falls county property owners who have not paid 1946 taxes on their property.

The notices will be sent out on Sept. 1, but tax deeds will not be taken by the county until Jan. 1, 1948, allowing property owners ample time to pay delinquent taxes before they lose title to property.

Rose J. Wilson, county treasurer, said she anticipates many delinquent taxes will be paid before Sept. 1, to avoid added costs incidental to the preparation and mailing of notices.

Five Men Fined for Drunkenness Charge

Five men pleaded guilty to charges of drunkenness Friday when they appeared before Municipal Judge J. O. Pumphrey. One of the five was also charged with indecent exposure.

Fines of $20 each were paid by Dan Iverson, Ronald Stricker, Mark Fear and William A. Carroll on charges of intoxication and by Alvin William Dennis on charges of drunkenness and indecent exposure.

The Hospital

Emergency beds only were available Friday at the Twin Falls county general hospital. Visiting hours are from 2 to 4 and 7 to 8 p.m.

Job Training Plan Renewal To Be Sought

(From Page One)

nessmen and others heard the plan explained by Warren I. Cassidy, Boise, field representative of the apprentice-training division of the U. S. department of labor.

Community apprenticeship standards for this area were approved by the committee on Aug. 23, 1946, as part of a nationwide program to reduce the shortage of skilled workers in critical trades such as housing and related endeavors.

Standards Set

The apprenticeship standards were formulated to encourage a careful selection of young men coming into the trade with respect to health, physical fitness, aptitudes and personal characteristics; to provide approved apprentice training, to relate supply of skilled workers to demand for them, to provide proficient workmen to employers, and to give the public the best possible service with respect to safety practices and skilled craftsmanship.

Apprentice applicants must be at least 17 years of age and must have completed sufficient schooling to meet the requirements of the trade selected. Other requirements are good health, high intelligence, sound physique, and good moral character.

Local Supervision

Mayor Lauterbach pointed out that the apprenticeship plan will be administered locally with supervisory assistance from the federal government. Idaho is one of the few states that does not provide for apprentice training through state legislation.

Under the proposed plan, apprentices in various trades would receive hourly pay while working for employers and also would receive schooling partially financed by the federal government.

Mrs. Bellville, 75, Claimed by Death

Mrs. Mabel Loper Bellville, 75, died at her home, 1136 Tenth avenue east, at 10 p. m. Thursday.

She was born Aug. 9, 1872, at Ripon, Wisc., and has resided in Twin Falls since 1921. She was a member of the Business and Professional Women's club and a former member of the First Congregational church of Wisconsin.

Mrs. Bellville is survived by her husband, Frank Bellville, and one stepson, Logan Belleville, Portland, Ore.

Graveside services were to be held at 5:30 p. m. Friday at the Twin Falls cemetery with Dr. E. L. White officiating. Funeral arrangements were under the direction of the White mortuary.

Discharges

George Mills, Robert V. Staley, Milford E. Keeney, William B. Keeney, Charles R. Forkner, Logan B. Hack.

Magic Valley Funerals

TWIN FALLS—Rosary will be recited for Mrs. Maudelline F. Dauven at 7:30 p. m. Friday and mass will be celebrated at 9 a. m. Saturday at St. Edwards Catholic church. The Rev. Father Donald Simmons will be celebrant. Burial will be in Sunset Memorial park. The family requests that no flowers be sent.

TWIN FALLS—Funeral services for Gottfried Hofmeister, American Falls, have been set tentatively for Sunday in American Falls.

TWIN FALLS — Funeral services for Mrs. Ada Elsie Hanby will be conducted at 3 p.m. Monday at the Twin Falls mortuary chapel. Burial will be in the Twin Falls cemetery.

Drastic Curbs Of Union Acts Now in Force

WASHINGTON, Aug. 27 (AP)—Here is a summary of the important Taft-Hartley act provisions which are now in effect:

National labor relations board—This agency is drastically reorganized and will hear complaints against union practices for the first time. It will continue to hear complaints against employers, but no union can file an NLRB case unless it has furnished certain information about itself and unless its officers have shown they are not communists.

Strikes and Boycotts

Strikes and boycotts—the NLRB is empowered to halt—and settle—Jurisdictional strikes, which are strikes growing out of squabbles between unions. The board also can halt strikes and boycotts for certain other purposes, like trying to force one firm to stop dealing with another firm.

Closed shop—Employers are forbidden to make any more closed shop agreements or any other agreements which would discriminate against non-union men in hiring. (Under a closed shop, only union men can be hired, and all non-union men must be fired).

"Union Shop" Changed

Union shop—Employers can make new union shop agreements, but only when a majority of the employes vote their approval. Even then, there are strict new rules that unions must follow under such a contract. (In a union shop, non-union men can be hired but afterwards they must join the union.)

Mediation—The U. S. Conciliation service is divorced from the labor department and becomes a new independent agency, called the federal mediation and conciliation service.

Supervisors—May no longer have any legal rights under the labor law, and employers have no legal duty to bargain with them.

Contest Opens at Richfield to Get Landscape Plan

RICHFIELD, Aug. 22—An open contest started here this week to find the best feasible plan for landscaping the Richfield municipal park. Three prizes are offered by the Burmah club, original sponsor of the contest.

Enlisting the aid of the Richfield Woman's club, the Burmah group got support of several other social and civic groups.

Prizes are $5 first prize, $3 second prize and $2 for third. Judges will be appointed by the flower committees of the clubs sponsoring the contest. All plans are to be submitted to Mrs. Hal Ross, sr., Richfield.

Contestants may offer plans covering the park as a whole, including flower gardens, playground area, placement of shrubs, trees, walks or any park improvement.

The contest closes Sept. 15.

Egg Profits High

MOSCOW, Aug. 22 (AP) — Idaho poultrymen are realizing more profit from eggs than any other product despite high prices paid for egg mash, Virgil Kennedy, agricultural economist for the University of Idaho, reported today.

He said the $4.30 per hundred pound price for mash was nearly twice as high as the average for the last 10 years but that the high price of eggs makes them more profitable to produce than poultry meat.

Slight Error

BALTIMORE, Aug. 22 (AP) — Mrs. Annette Rose Barbini claims, in a $25,000 damage suit filed here yesterday, that Arthur Lipscomb mistook her for his wife and beat her while she was walking with another man. She said the other man was her husband.

Dad of 10 Runs Off With 'Sitter' Who Is Only 16

PHOENIX, Ariz., Aug. 23 (U.P.)—A father of 10 children was held today for running off with the baby sitter.

Joseph A. Bray, 37, admitted that he left his family packed in their trailer at Bell Gardens, Calif., and ran off with the plump blonde sitter, Betty Joe Roberts, 16.

He took most of the family relief check with him.

Bray's 34-year-old wife, Gladys, said Miss Roberts only began sitting with the kids a week ago. That was when Mrs. Bray came home from the hospital with her 10th child.

"We got acquainted while she was sitting with the children," Bray said. "We met on the street Wednesday and decided to leave town together."

Mrs. Bray's story was a little different, however. She charged that Miss Roberts, an orphan visiting at Bell Gardens from Morrison, Colo., was an accomplished siren despite her youth.

"She leased, tortured and tantilized my husband," Mrs. Bray said. "We've been together 14 years without any trouble but this girl came between us and broke us up."

Police here arrested Bray and Miss Roberts after state officials broadcast the license number of Bray's car.

Re-Register Bag Brand, Shippers Of Spuds Urged

BOISE, Aug. 22 (U.P.)—Idaho's 225 licensed potato shippers must re-register their bag brands to be in conformity with state law, Wilson Kellogg, state plant industry director, warned today.

Kellogg said he would send out letters to shippers soon explaining provisions of the law enacted in 1941.

Kellogg said according to the law all private brands must be re-registered, approved and recorded with the state. Either a facsimile or sample print of the bag design may be submitted. No charge is made for registration.

At present some 100 brands are on the registration books, but only 13 have been re-registered since the 1941 law went into effect.

If shippers want to protect their time-tested advertising brands they must conform with the law, he said.

Weather Aids Area's Crops, Report Shows

Last week's weather, slightly cooler than normal and generally dry, continued the favorable harvesting weather of the previous week, according to the weekly crop and weather summary issued by cooperating state and federal agricultural agencies.

Fall grain harvest was well past the peak. Spring grains were being cut rapidly, with generally good yields.

Spuds Grow Well

Potatoes were being irrigated and growing well. Some Fusarium wilt and "early dying" were reported in Minidoka. Tubers of good size were reported in early Cassia county fields.

Dry pea harvest was nearly completed, with yields generally turning out better than expected. Commercial varieties of beans were growing well, but many fields were late and subject to early frost hazards.

Garden bean fields have been affected by a number of insects and diseases and are not expected to produce high yields. Some early fields in Minidoka county will be cut this week. Sugar beets were still growing well.

Good Hay Cutting

An excellent second cutting of alfalfa was being put up with some excellent alfalfa seed in Jerome county. Clover seed prospects were fair to good.

High and low temperatures last week in Magic Valley were: Burley, 92, 42; Gooding, 92, 46; Richfield, 87, 34; and Twin Falls, 92, 43.

Another report listed Idaho commercial hatchery production as 30,000 chicks in July, about two-thirds that of July, 1946. However production for the first half of this year exceeded that for the same period last year by 11 per cent.

Gooding County 4-H Attendance Leads in State

GOODING, Aug. 23 — Gooding county had the largest attendance in the state on the 4-H judging tour Aug. 7, according to word received from G. C. Anderson, extension dairy man for the University of Idaho.

The tour included judging of four classes of dairy cattle and fitting and showing demonstrations conducted by Anderson.

Animals were judged at the Vivian Davenport farm, Thousand Springs ranch and the King ranch at Wendell.

High point judges were Shirley Anderson, Omar Schmidt, Marilyn Montes, Lola Bell Hine, all Orchard Valley; Lola Anderson, Bliss; Glenn Taylor and Peggy Hudson, both Wendell; Jo Anne Varin, Thelma McCloud, Bill Dunham, Arthur and Eleanor Henry, Zelda McCloud, Kenneth Kornher and Keith Smith, all Gooding.

'Just Below the Knee' Gets Nod In Hemline Tiff

SAN FRANCISCO, Aug. 22 (AP)—The "just below the knee" length in skirts is the winner and still champion in the battle of the hemline, as far as the apparel trade represented at a fashion show is concerned.

Officials of a show for 1,500 apparel manufacturers, wholesalers and retailers last night paraded two suits, one with the new, long skirt length and the other cut a little below the knee.

While Annamay De Grau Reed, director of the San Francisco academy of fashion design, asked for applause four judges harkened to the hand-clapping and voted the decision, unanimously, for "just below the knee."

Accident Takes Life Of Fifth in Family

SANDPOINT, Aug. 22 (AP)—Lawrence Mostek, 33, was fatally injured yesterday in a truck accident—the fifth member of his family to be killed.

Two of his brothers were killed at Pearl Harbor and his father and another brother were killed in accidents.

Deputy Coroner Frank Wonch said Mostek apparently attempted to jump from a truck he was driving as it went off a hill. The machine wedged him against an embankment.

GAME LAW VIOLATORS

County Atty. Everett M. Sweeley has asked for maximum penalties in all cases involving the killing of sagehens. He has requested that the press give full publicity to every conviction so the public will know "who the individuals are who are wrecking this part of the conservation program."

The occasion for his statement was the recent arrest of eight persons charged with killing from three to nine sagehens apiece. In this area which was formerly a paradise for sagehens the season has been closed for years in the hope that these birds would not be killed off entirely.

The average sportsman has been in sympathy with this move. But just as could be expected a certain percentage of those who call themselves sportsmen cannot resist their unyielding desire for slaughter.

The Times-News commends the county attorney for his stand and stands ready to co-operate with him at all times in all attempts to force respect for our game laws.

About the same time that Mr. Sweeley was taking his stand against those who are shooting sagehens illegally, three Burley men were found in possession of 101 trout, and a Gooding man was caught with five salmon.

Surely, if there is any state in the union blessed with good hunting and fishing, it's Idaho. Here is the last place in the country where there should be any excuse for poor sportsmanship. We hope that every law enforcement official in Magic Valley will do his utmost to round up every last one of those who take it upon themselves as a special privilege to violate our game laws.

No matter who they are, round 'em up and give 'em the works!

MISREPRESENTED POTATOES

Although it has been known for years that Idaho potatoes are misrepresented and sold to a disadvantage on the major markets, nothing definite has been done to put an end to such practice.

Idaho's potatoes are properly graded according to government standards before they leave the state, but once they get into the hands of unscrupulous outside jobbers it's a different story.

The most common misrepresentation of Idaho potatoes is to resack and mix them with inferior grades and to sell these substandard mixtures as No. 1 Idaho potatoes.

Natives of Idaho, while visiting in other states, particularly in the middle west, are amazed at what they see displayed and sold as Idaho potatoes.

We hear of repeated attempts to have all Idaho potatoes sealed in fool-proof bags so consumers in terminal markets may be educated to accept only the genuine product. At a meeting of the Idaho potato coordinating committee to be held at Burley soon this will be one of the principal topics up for discussion.

To our way of thinking, the state advertising commission has been doing an excellent job of promoting the sale of Idaho potatoes. But much of such promotion falls of its purpose if it results in the sale of potatoes which are not up to standard. We believe the commission itself should insist upon some effective method of sealing and properly identifying all Idaho potatoes going into the open market.

TIME FOR A CRACKDOWN

From time to time in the past year and a half, President Truman has urged industry, business and agriculture to put the brakes on rising prices, for their own sakes as well as the country's. He has cited obvious dangers and warned of inevitable results. But his pleas have largely gone unheeded.

There have been Newburyport plans and buyers' resistance, but they have not accomplished much. Retailers and consumers, with the best of intentions, could not hold down prices without the help of wholesalers and producers.

Now Attorney General Clark has told the anti-trust division of the Justice department to see if conspiracies are at the root of rising prices in food, clothing and housing, and to crack down if they are. This seems to us a necessary action—too long delayed, perhaps, but welcome nevertheless.

With the price problem as complex as it is, it is too much to expect that these conspiracy investigations will turn up a complete answer. But it will be surprising if the drive does not uncover a good many instances of collusive price-fixing. There is too much suspicious evidence to let one believe that the search will be fruitless.

STILL UNDER FIRE

The veterans administration has warned its central office employes not to run for exits at quitting time, since several persons have been injured in the rush. It has cautioned them of the dangers of leaning too far back in swivel chairs, especially when they have pins or paper clips in their mouths.

Let those who thought the war was over note this. The Battle of Washington continues, as fraught with peril as ever.

Maybe they do live happily ever after—but after what?

TUCKER'S NATIONAL WHIRLIGIG

(During Ray Tucker's vacation, Roger Warren is writing this column)

PROBE—President Truman jauntily expressed confidence at his last press conference that Attorney General Clark's proposed probe of living costs would be beneficial.

But as correspondents left the White House and strolled in groups down the yard's tree-lined avenue, they voiced distrust that merely "putting the finger" on a number of profiteering corporations would do much in checking price rises.

From constant study of the problem most Washington newspapermen believe that inflation is too powerful to be stopped by the sacrifice of a couple of scapegoats.

• • •

PRICES—Washington, reflecting the mood of the country, especially housewives, is stirred up over high prices. Several serious fact-finding investigations—not of the night club exposure type—are trying to find a solution, including Taft's congressional committee on the economic report, which will hold hearings in a score of cities.

It is whispered that a new round of price rises is on the way, not only the result of a jump in steel but also a coming boost in the price of foodstuffs and petroleum products. Since June, 1946 the cost of living has increased 19.7 per cent, breaking all records.

The average wage is at an all-time high, $48.86. But, as Emil Rieve, president of the Textile Workers union of America, said to me this week "What is the sense of having a basketful of money if it only buys a loaf of bread?"

• • •

PLANS—All the bigwigs here in government, agriculture, business and labor are bewailing the situation. Each pays lip service to a desire for lower prices—provided the cut doesn't touch his pet field.

Farm income this year will be 30 billion dollars, soaring from a depression low of five billion. But floods and bad weather have hit the corn crop and the speculative price has jumped. Exporting foodstuffs at the rate of two and a half billion dollars a year also pushes up prices.

Some of the experts in the department of agriculture appear to like it that way. They are promoting new plans for pegging prices against a depression and for reducing acreage. But farmers can get around acreage restriction by using richer fertilizer without decreasing production.

• • •

TUGGING—Spokesmen for national retailers complain that reports indicate prices of fabrics will be higher in the spring. Woolen mill profits in 1946 were three times the 1945 level. Managements have not increased wages since February but prices in some cases have been boosted 22.5 per cent.

Yet retailers themselves often encourage a high level in manufacturers' prices. When retail buyers meet manufacturers they insist on a guarantee that prices shall not drop within, say, six months. After stores have put a price tag on Christmas merchandise, they do not want competitors to get a cheaper price from manufacturers, thus causing a decline in their inventory values.

Even the official U. S. commercial corporation, which imports from Germany and Japan, guaranteed in many deals the inventory protection which retailers demanded.

Powerful forces are tugging at our economy from many angles. Certain radio and shoe factories, instead of reducing prices, have shut down to maintain prices. Production of refrigerators is up 44 per cent but the retail price also is up 30 per cent.

The price boost in steel may add 55 million dollars to earnings. But businessmen warn that a 10 per cent drop in production would soon wipe out the profits. With rising prices on machinery, depreciation goes up, too, so that profits are not what they seem.

CONTROLS—The CIO is demanding government controls on prices and profits. One of its vice presidents was asked if he would also favor controls on wages. He replied, "Oh, no."

Of course, there is more than one side to a tariff situation. But when it was proposed to let in Swiss watches to push down the price of these pieces, the watchmakers' union violently protested, as did the Brotherhood of Operating Potters on a threatened cut in the tariff on pottery.

Regardless of the CIO campaign to restore rationing, it is doubtful that a new OPA will be set up. Too many people dislike regimentation. The President may have the executive power but not the funds for enforcement. Top bureaucrats like Bowles and Wyatt are embittered and would not resume their old posts. The trained OPA personnel is scattered in private employment and would not return to a short duration job.

• • •

BESIEGED—Chairman Jesse Wolcott of the house banking committee is dead set against restoring controls. "I would slow up production and we must have production to lick inflation. I believe we have reached the peak of inflation and that a general price decline is coming."

As this is a political year, agitation by politicians regarding the cost of living may produce more heat than light. But the pinch will give impetus to the GOP program to slash taxes, as all forms of taxes take one quarter of the national income. If supply does not approach the level of demand before January, congress will be besieged with requests to interfere in the field of economics.

VIEWS OF OTHERS

UNIVERSAL MILITARY TRAINING

The army is proceeding with post-war organization of its reserve component with a view to using reserve officer personnel for training of inductees in case universal military training is adopted by congress, and is offering such personnel the maximum opportunity possible for training and familiarization with latest developments in military methods, material and training.

This is a wise precaution, for congress cannot forever dodge the question of military training and a majority of the people of the United States, having learned the bitter lesson of unpreparedness in two wars within the lifetime of most of us, probably are in favor of such service.

Perhaps the major sin of the recent congress was its abject failure to consider this question, permitting our military establishment to fall rapidly toward its prewar ineffectiveness.

If the American people can learn anything from bitter experience, they ought to know by now that we cannot afford to jog along in a hostile world without making preparation for defense.

"Never again," we said when we almost lost World war I. "Never again," we repeated when the early months of World war II saw us again within a hair's breadth of terrible defeat.

Both times we managed to pull through and come out on top. Does this mean we think we can always prepare for war while the enemy is shooting at our allies instead of us? We surely ought to know better now, and most of us probably do.

Yet congress was willing to listen to the politically influential voices of those head-in-the-sand groups who cannot see any menace to our security in world affairs, rather than to the voice of experience and plain common sense which tell us we can't go unarmed in a world where some people still carry bludgeons.

Congress must consider universal military training at its next session or accept blame for shameful neglect of our national defense.—Astorian Budget.

AN IDLE DREAM

First Farmer: "But, John, why did you give up a nice clean dairy farm to go into the skunk-raising business?"

Second Farmer: "Well, I thought maybe skunks would make the government keep its nose out of my business."—Lewiston Tribune.

A New York bank has provided an outdoor place for folks to sit down while waiting for a bus. It makes them feel more like standing when the bus comes.

A Texan man, arrested for drunken driving, claimed the cops smelled hair oil. The court will decide whether he or his hair was plastered.

BOB HOPE

There'll be a lot of excitement in San Francisco Sunday when the Los Angeles Dons play the Forty-niners. (The Forty-niners are a football team . . . Not the Republican party.) It'll be the first professional football game of the west coast season with all money being donated to the Heart charity fund.

Bob Hope

I've been invited to entertain between halves at the game, but I don't know if I like the idea. I've played splint weeks before, but filling in for a water boy is just too much. At first they wanted me to do my act at a night game, but then they fixed the lights.

I guess I'll be a sort of M. C. with padded shoulders, but it doesn't bother me a bit. It won't be the first time I've had to go on with protection. Naturally, I'll give the boys a pep talk. I've got a few plays of my own that are dynamite. The worst that can happen is that they'll get fast.

Don Ameche, the movie star, owns a part of the Dons and it promises to be very colorful. In fact, Don wants his whole team to play "The Life of Notre Dame."

I'm worried about this thing, though. The last time I did my act between halves at a football game the spectators followed the players into the locker rooms. So if you read about a sensational 100-yard dash, don't get excited. It won't be the star player . . . Just me, running for the exit.

HOW THINGS APPEAR FROM PEGLER'S ANGLE

NEW YORK—All I mean to say about baseball in the low minors, where they travel by bus and live as high as they can on $2.50 a day on the road, is that they give the customers just as much for a dollar as the major leagues do.

Just as much baseball, but not just the same. The low-minors give you a lot of offense and just enough defense skill to get the side out before tomorrow.

Westbrook Pegler

Jim Bynon, an outfielder of the Blabee Yanks, of the Arizona-Texas league, recently hit in 34 consecutive games. In 148 times at bat in that stretch, he got 48 hits, 22 of them for extra bases, and drove in 35 runs.

At last, coming to bat in the 11th inning for the seventh time in the game, he was a third out, while a fellow named Marv Kranda, an outfielder for El Paso, was running up a string himself. The last time I heard a call on Kranda, he had hit in 28 consecutive games.

To be sure, the pitching is low-minor, but still they have their 3 to 2 games and an occasional tight shutout. Practically always there are at least a few errors. I would call three a few. From five to seven would be several. More than that I call numerous.

• • •

Bill Lucas, the sport editor of the Tucson citizen, recently led off his story as follows: "Ten runs in a big sixth inning on six hits, two walks, a sacrifice, an error and a hit batsman, gave the Tucson Cowboys a 14-10 verdict over the Phoenix Senators here last night. Cactus Jack Carmichael won his sixth stright victory but he was hardly impressive, for he gave 10 hits, walked the same number and fanned nine."

In the sixth 13 men hit for Tucson and from start to finish every man on the club got at least one hit except Mike Dejan, an outfielder who was hit by the pitcher twice.

On July 19, the Blabee Yanks beat El Paso, 33 to 10, and 10 days later Tucson beat El Paso, 23 to 5. There were 53 hits in the first of these games and 31 in the other. At the second game, Mrs. Fred Helde, Tucson, won a $100 door prize. This happy event adorned a pleasant social custom of the Arizona-Texas league.

At a recent gift-night in Blabee, Whitehead and Collier donated a pressure cooker; Phillips Brothers gave a set of matched table lamps and the Phelps-Dodge Mercantile company put up an electrical thing that cooks a whole meal at once.

For this purpose, night is spelled "nite."

P-D mercantile is that ancient and detested institution, the company store, in Blabee run by the Coper company. Nobody has to buy there, but sometimes, by the size of the crowds, you would think trading was compulsory, as at the old Delano company store in the Pennsylvannia coal fields, run by the you-know family.

One night in Blabee was "Douglas night," or "nite," when the beauty and chivalry of Douglas, far across the flat where the smelter is, came over in a "motorcade" and some Mexican clientele from Agua Prieta, too.

Some of us remember when Agua Prieta was the dateline of a rosy little battle in one of the Mexican revolutions. It lies just across the street from Douglas and some of the bullets slipped, causing unrest on our side.

Outside the little town, which contained some of the most mournful-looking brothels in the history of sin during our recent war, there are still a few little wooden crosses, bending lower and lower with the years, honoring Mexican soldiers, known but to God, but probably illiterate desperados, at that.

• • •

In that game which Blabee won from El Paso, 33 to 10, Mr. Byron was unable to play, having a bad ankle, so a pitcher named Charlie Pickett took his place in the outfield and hit a homer and a double and drove in four.

The next day Pickett was sent to Fond Du Lac on option. Joe Valenzula, the winning pitcher, got six hits and scored six runs in six times at bat. In another game, El Paso scored six runs in the first inning on five hits and three bases on balls before a man was out, but had to go 11 innings to win it, 11 to 9.

In the first half of the season in my league, Jaures easily won but dropped out because the ball-yard had no lighting plant and the team could draw a daylight crowd at home only on Sunday afternoons. The elder statesmen therefore organized an orphan club based in Mesa, which is more a desert locality than a conscious town, and that Mesa Chamber of Commerce will sprinkle the highway with tacks when I come by next winter.

• • •

The trouble in most minor leagues is the trouble with most people, and not merely young people or young athletes either. They won't try. They won't practice. A manager and coaches can't do anything for some young mass of bone surrounded by muscle who thinks he knows all about baseball and won't look at a lesson or run them out.

They get sullen when they meet their equals or their betters and drop away content to boast that they once played professional ball. But some of them know baseball is play, and play it for pay, like a pitcher named Gene Smith who went seven innings in one game for Blabee and then caught the second game because the varsity catcher had been slugged from behind in an argument.

I haven't heard of a major league player since Dizzy Dean who liked baseball well enough to play for fun, as Dizzy did when he put himself in as a pinch-runner in a world series at St. Louis and went into second as tall as he could stretch to block a throw, and took it.

There is a Mexican outfit called the Tamale league ranging from Nogales down into old Mexico, but they finished up early and our people hear little about these clubs, even in Arizona, although the best professionals freely admit that there are some fine Mexican players.

One reason is that they are casual about their contracts and records. Another is Jim Crow. They come and they drift along. They change names. Some of them may be outlaws. For several years, Hal Chase, shoeless Joe Jackson and several other old fugitives from organized baseball played along the border and below.

This year there were clubs in Nogales, Cananea, Obregon, Hermosillo, Empalme and Santa Ana. Old custom called for a keg of beer at third.

We, the Women

By RUTH MILLETT
NEA Staff Writer

"I don't see how in the world she manages to keep four children clothed and fed in these times on his salary," said the well-dressed bridge-player.

A lot of people are wondering the same thing about a lot of families these days.

Just how do women manage to feed and clothe a large family on a small income, with prices what they are?

It's easy to call it "good managing," but what it really amounts to is endless hard work. Going from store to store comparing prices, buying the eggs at one store and the washing powder at another.

It means thinking "What can I get that won't wreck the budget?" rather than "What would be good for dinner tonight?"

It means making over clothes for the children, instead of buying them new things.

It means cutting the cost of recreations to a minimum, riding a bus instead of driving a car, gardening, canning, and mending.

That is how "good managers" meet the rising prices. They don't have any magic formula. It's just a question of seeing to it that their families stay adequately clothed, housed and fed on "how-do-they-do-it?" incomes.

Their answer to the problem of making ends meet is simply taking on more and more work.

103,000 to See College All-Stars Battle Husky Bears Tonight

CHICAGO, Aug. 22 (AP)—The 1947 gridiron season kicks of this evening with the revengeful Chicago Bears, champions of the National Football league, determined to wallop the college all-stars and soothe the 16-6 licking the all-stars handed the Los Angeles Rams last year.

The 14th annual contest, to be played in flood-lighted Soldier field on Chicago's lake front, will draw a record-breaking crowd of 103,000.

The all-stars, coached by Notre Dame's Frank Leahy, are handicapped by the loss of at least three outstanding backfield performers. Army's Glenn Davis, the "Mr. Outside" of the cadets' famed offense last year; Julius Rykovich, star of Illinois' Rose bowl champions, and Bob Fenimore of Oklahoma A and M. All three were injured while scrimmaging at the all-star camp in Evanston, Ill., and will see little or no action.

The all-stars will depend upon sweeps of Claude (Buddy) Young, of Georgia and Vic Schwall of Northwestern, and on the sharp backfield speed, including the Illinois' Negro flyer; Charley Trippi passing of Notre Dame's George Ratterman, Ben Raimondi of Indiana and perhaps Trippi.

The heavier Chicago Bears, in excellent physical condition and rated seven and a half points better than the collegiates by local betmakers, will average 220 pounds in the line.

SPORTS

On the SPORT FRONT With YOSS

(The Pudgy One)

Ye Olde Sport Scrivener went home the other night after the thrilling ring card that the VFW and DAV staged at Jaycee park feeling mighty satisfied with himself because one of the finest sportsmen in the Magic Valley—Dr. E. S. Robinson—came all the way from Gooding for the show because he had accepted the word of the ancient word puddler that the fistic embroglio would be worth coming that distance..And at its end learned the gentleman had not misplaced his faith.

YOSS doesn't like to sportserialize. He'd rather use this column to tell you a good sport story, preferably one of his sport writing past. However, at times he likes to drop a word or two to help make sports more interesting in an area that contains more sport lovers than any other area of a similar size in the world.

For instance, the pudgy one doesn't believe the state boxing commission should force a club to accept a referee from outside the Magic Valley when one of the best in the state is at Kimberly in the person of Louis Denton, and young Neil Weir, Twin Falls, is improving with each program.

Especially, the commission, represented by Inspector Joe Parker, Idaho Falls, shouldn't force a club to accept a fellow townsman who makes himself as prominent as the boxers by his antics in the ring. The less a referee is noticed in the ring the better official he is, and you're getting that from a gent who has seen such great ones as Arthur Donovan, Harry Sharp and, yes, Jack Dempsey, who instructs the fighters and then takes his place in a corner for the remainder of the bout.

And then, too, a matchmaker should make sure that a fighter's correct fight is announced. For instance, Buddy Washington was announced as the claimant of the intermountain featherweight championship when he weighed 138 pounds, 12 pounds more than the featherweight limit, while his opponent's true weight of 131 was given.

That may be all right to match them that way, but the fight fan who makes the program possible would be much more interested if he knew that one of the boys was fighting to overcome a great weight disadvantage.

On the whole, the fight show staged last Wednesday night was well managed, a lot better than most, but it must always be remembered that it is the fan—not the fighters, the club nor the sport writer—that really makes professional sport possible. Without him, sport just would be no go.

AND THAT'S THAT FOR NOW, except: Here's a tip: Now that Buddy Washington has shown that he is really a lightweight—that is he is if he can pare three of the pounds that he carried into the fight the other night, the next big boxing headliner here will be the speedy Pocatello lad against Jerome's pride, Lyman Halloway.

Girls' Softball Tournament Set for City Aug. 30 and 31

An invitational girls' softball tournament will be staged at Harmon park Aug. 30 and 31, Miss Hazel Terry, secretary of the girls' division of the Twin Falls Softball association, announced last night.

Invitations have been sent to the Idaho Falls All-Stars, state champions, and the other teams which competed in the recent Idaho tournament. All Magic Valley teams are expected to compete.

Gibbons Gets 67 Score; Stewart vs. Eastman

Here is the big news in Magic Valley golf this week:

The qualifying round in the annual Times-News Magic Valley Open will open Sunday and continue until Sept. 6 while the four match play rounds will be played Sept. 7 and 14.

Rollo Gibbons, Jerome's Boise valley tournament champion, is out in front in the medal round of the Jerome Open with one-under-par 67.

Frank Stewart will oppose Ted Eastman for the Buhl city championship in a match at the sporty Clear Lakes course.

SIX BIRDIES FOR ROLLO

JEROME, Aug. 22—Putting together rounds of 34 and 33, Rollo Gibbons took the lead in the qualifying round of the first annual Jerome Open with a one-under-par 67. He had birdies on six of the 18 holes.

In second place was Twin Falls' Corky Carlson, who, shooting the course for the first time in several years, came up with a 72, including rounds of 40 and 33, the latter one under par.

The qualifying round will end Aug. 28 and in the meantime Chuck L'Herisson, the tournament committee chairman, expects a large number of Twin Falls, Buhl, Gooding and Burley golfers to compete. Match play will start the following Sunday.

Other qualifying scores: L. Browne 87, J. Browne 102, B. Spaeth, jr., 93, J. Stelle 93, Chuck L'Herisson 84, Gordon Anderson, Jerome pro champion, 79; Willard Wood 79, Mac Hardwick, Twin Falls, 83; W. Jellison 84, M. O'Rourke 87, A Robinson 79, R. Andreason 85, J. Anderson 78, Pop Avery 92, P. Reitig 103, C. Small 80, F. Hurbach 98 and A. D. MacMahon 96.

BOYD, HUSTEAD ERASED

BUHL, Aug. 22—Frank Stewart won the right to oppose Ted Eastman for the Buhl city golf championship when he defeated John Boyd, 1 up, at the sporty Clear Lakes course. Eastman eliminated Everett Hustead, 1 up.

Other results:

President's flight—Gus Averett won from Jim Hanson; Jack Moss defeated Ed Manning, 1 up.

Second flight—D. Rhinehardt defeated Lee Hoag, 4 and 3; Gordon Carlson downed Herman Kerr, 2 and 1.

Third flight—Roy Fait defeated Dick Thomets, 1 up in 19 holes; Harlin Hays defeated Dr. Thrumen, 7 and 6.

Fourth flight—Jess Eastman won from Ken Chidester, 8 up; Ken Rhinstein won from Frank Plink, 4 and 1.

COWBOYS TRIUMPH, 12-4

Balassi Gets 4 Hits; Locals Game Off Top

By MAJOR HOOPLE

The Little Man Who Wasn't There

OGDEN, Aug. 22—The Twin Falls Cowboys again reposed within a game of the Pioneer league leadership held by Boise today after knocking out Ogden's top hurler, Sanders, and defeating the Reds, 12-4, for the second straight time in their scheduled four-contest series last night.

Manager Earl Bolyard's team smacked the ball for 14 hits, only one less than last night, to run up an early lead with Chuck Balassi's four safeties leading the parade. In fact, every Waddle got at least one hit.

Meanwhile, Billy "Red" Rose kept the Reds well in hand in gaining his second victory. While striking out nine batters, the former Wisconsin State league star allowed 10 safeties but most of these came when the Cowboys had a safe lead.

The Cowboys showed that they were business for the night when they scored a run in the first inning when Georgie Leyrer walked, Balassi singled over second, White walked to fill the bases and Radtke grounded out to Medeiros at second.

They added two more in the second. "Red" Burleson, again catching for the injured Hal Danielson, opened the frame with a line single to left field. The Cowboy third-sacker was safe at second when Murphy, the Ogden shortstop, attempting a double play, threw low to that base on Koraleski's grounder.

Spindell put Boy Murphy caught Burleson off second, but Rose singled to short center, sending Koraleski to third. Then Leyrer walked to fill the bases, Koraleski scored on Jessen's long fly to deep right and Rose came home when Balassi singled over second base.

Ogden Scores In Second

Ogden's first run came in the second, Radtke erred on Bush's bounder and McConnell singled over second. Hal Loewe fumbled Mederios' grounder and the bases were filled. Rose fanned Sanders but Guth filed to Leyrer in deep center, Bush scoring and the other runners moving up. Murphy then went down swinging.

Another Ogden run came over in the third when, after two were out, Buck lined a ground double down the third base line and Bish singled over second.

However, that set the Cowboys off on a four-run splurge in the fourth frame. Koraleski began the frame with a double to center, the ball bouncing over McConnell's head. Rose fanned Leyrer grounded out, but Jessen lined a single to right, scoring Koraleski. Balassi also singled to right and White walked to fill the bases. At this point Radtke tripled against the right field fence, emptying the bases.

Another 4-Run Frame

Four more Cowboy runs came over in the fifth. Burleson and Koraleski walked. Robertson took Sanders' place on the hill and Rose immediately laid down a sacrifice bunt. Leyrer went out on a pop to Spindel in front of the plate, but Balassi again singled to right, scoring Koraleski and Jessen. Balassi stopped at second on White's line single over third. Radtke's double down the third base line put Balassi over the plate.

There was no more scoring until the eighth frame when the Cowboys put over another run. Loewe lined a single to short left, stole second and went to third on Burleson's infield out. Koraleski then filed to center, Loewe counting after the catch.

In the eighth Eggert doubled and came home when Spindel singled down the first base line. Buck also got a one-base blow, but the next three batters went out.

Final Ogden Run in Ninth

The final Ogden run came in the ninth. Wolff, batting for Robertson, singled on a line to short left. Guth forced Wolff, Radtke to Loewe and Murphy grounded out to White but Eggert tripled against the right field wall, scoring Guth.

Dick Widdaifield will be the Cowboys' hurler Friday night. Zavitka will provide the hill opposition.

40 Candidates Drill For Bruins' Varsity

Forty varsity candidates and 28 Cub team aspirants have reported for football at Twin Falls high school and have been engaging in punting, passing, blocking drills under Head Coach Hank Powers and junior high mentor Kermit Perrins. The number is expected to be increased considerably when school opens next week.

Members of the 1946 squad who have reported include Don McBride, Jerry Kleinkopf and Bobby Long, backs; Gene Cooper, Wayne Ford and Hubert Hendrix, ends; Bob Dripa and Jim Danner, guards; Tom Bucklin, Randall Russell and Bailey, tackles, and Leroy Flatt and Don Arrington, centers.

40 OUT AT JEROME

Jerome, Aug. 22—Forty varsity candidates, including most of last year's regulars, have reported to Conches Pete Taylor and Mac Flenniken at Jerome high schools.

Junior varsity candidates will report later to Coach Lavern Gooch, a newcomer.

BOISE LOSES

BILLINGS, Mont., Aug. 22 (AP)—San Diego took an early lead over Boise with the help of a triple play and then played airtight ball all the way to eliminate the Idaho contenders, 3 to 1, in the third game of the American Legion junior baseball sectional tournament here.

RICHFIELD VS. HAZELTON

Richfield and Hazelton, which finished last in their respective divisions of the SCI league, will tangle at Jaycee park at 8 p. m. Saturday.

Lang Picked to Head Ski School

SUN VALLEY, Aug. 22 (AP)—Reorganization of the Sun Valley school with Otto Lang, world famous skier and producer with 20th Century Fox film corporation, as director was announced today by W. P. Rogers, general manager.

Assisting Lang in operation of the school Rogers said will be Toni Matt, North Conway, N. H., who holds the all-time record for schussing the head wall at Tuckerman's ravine, which few have successfully attempted.

In his new capacity Lang replaced Friedle Pfeiffer former head of the Sun Valley school.

Idaho People Expect TOP Quality!

This year Idaho grain growers have again harvested a fine crop. But, that's not so unusual, for—over the years—Idahoans have come to expect superior quality—whether it is in the crops they produce, the food they consume, their recreational facilities or in any of the many things which make up their daily lives.

As makers of Idaho's own "Beer of Good Taste" we have long been aware of this Idaho preference. That's why Bohemian Club has always been—and always will be—the very best beer we know how to produce.

Note:

It takes just so long to make Bohemian Club the way we insist it be made . . . and, because of that slow aging process, we cannot always supply the demand . . . despite increased plant facilities. That explains why you may not be able to get Bohemian Club every time you ask for it. But remember the Quality—and you'll be rewarded with the finest beer you've ever tasted.

Markets at a Glance

NEW YORK, Aug. 22 (AP)—
Stocks—Steady; slow recovery persists.
Bonds—Steadier; communications in higher ground.
Cotton—Lower; hedge selling.
Chicago:
Wheat—Firm; new seasonal highs.
Corn—Firm; September at new record.
Oats—Steady; September at new record.
Hogs—Irregularly steady to 75 cents higher; top $28.50.
Cattle—Few offerings, mostly cows; good steers topped at $25.00.

NEW YORK, Aug. 22 (AP)—Recoveries were negotiated by individual stocks today although the session again was among the slowest of the past two years and many market leaders failed to achieve any headway.

Most brokerage clients got a head start on the week-end and commission offices were sparsely occupied. The pace was sluggish after the opening with the ticker tape frequently idle. A smattering of "thin" issues executed wide jumps on a few trades but fractional variations ruled at the close with plus signs for pivotals having a shade the best of the argument. Transfers held around 600,000 shares for the five hours.

In the lagging division were Joy Mfg. (on a proposed capital stock increase), Texas Co., Air Reduction, U. S. Rubber, Goodrich, Montgomery Ward and Pennsylvania Railroad.

At 1947 highs were Hershey Chocolate, up about 10 points on meager sales; Western Union, Detroit Steel (on an extra dividend) and Pittston Co. attracting bids were U. S. Steel, General Motors, Curtiss-Wright "A," American Telephone, North American, Electric Power and Light, American Smelting, Miami Copper (on an earnings statement), Cudahy, CIT Financial, Pacific Western Oil, DuPont and Great Northern Railway.

Bonds steadied.

Forecast, Prayer Get Arizona Rain

PHOENIX, Ariz., Aug. 22 (U.P.) — Prayers for rain were answered today for the Hopi Indian snake cult.

As in centuries past, almost without fail, torrents of rain drenched the painted desert a few hours after the mystic Hopi snake dance was held there yesterday.

Rain began falling in Phoenix almost at the climax of the ritual, when a weirdly painted snake priest leaped down the precipitous slopes of the Mishongnovi mesa, a rattlesnake writhing in his mouth.

The U. S. weather bureau reported .38 inches in three hours last night. It added, however, that it had forecast the rain before the dance started.

Last Rites Held For E. B. Colbert

EDEN, Aug. 22—Funeral services for Edward B. Colbert, Eden, were held at 2:30 p.m. Friday at the White mortuary chapel with Dr. G. L. Clark, Presbyterian pastor, officiating.

A vocal duet was presented by Charles Hawley and Elnora Schauerman accompanied by Mrs. Charles Hawley. Pallbearers were O. D. Schmidgall, George Ohmes, O. C. Burdick, Henry Schwab, C. O. Roice and Les Martin.

Burial was in Twin Falls cemetery.

Tourists Hurt as Auto Turns Over

Two persons were given medical treatment at Twin Falls county general hospital Thursday night for slight injuries received in an automobile accident 11 miles northwest of Buhl.

Taken to the hospital were Mrs. Katina Kanas and Mike Photos, both of Portland, Ore. The 1947 model car in which they were riding overturned once or twice after it went off the highway at a curve near the bottom of a grade between Buhl and Hagerman.

Mrs. Kanas was brought to the hospital by her son, Gust, who was driving a car ahead of the Photos vehicle, and who reported the mishap to the sheriff's office at 8:35 p. m. Mrs. Kanas was bruised, and Photos received a shoulder injury. Kanas was unable to give officers a reason for the mishap.

IEA District Parley To Be Held Sept. 24

BOISE, Aug. 22 (U.P.)—First in the annual fall series of district Idaho Educational association conventions will be held Sept. 24 in Twin Falls, Dr. John Booth, IEA executive secretary, announced today.

The conventions are conducted jointly by the association and the state department of education and are a combination of professional meeting and teachers' institute. Schools are dismissed during the meetings.

Booth said all of Idaho's 4,250 public school teachers are expected to attend.

Mrs. Rose North, Twin Falls high school teacher is district president.

FENDER DAMAGED

The right front fender of a machine driven by Benjamin Allen, Filer, was damaged when it was struck by an automobile driven by Mrs. O. J. Childs, also Filer, as she backed from a parking place in the 200 block on Main avenue south at 11 a. m. Thursday. The mishap was investigated by Twin Falls city police.

1,500 Attend Horses Event Opening Here

(From Page One)

the show and incidentally won first place by an unusual performance at the hurdles. Coming up to the obstacles, the horse would slow down and make a last-second hop that carried him over.

Next came the pony class in which Myrna Rae Willis of Twin Falls, riding a diminutive shetland named Tiny, succeeded in gaining much of the applause as they trotted around the ring. First place, however, went to Tony, owned and ridden by Dick Banning of Kimberly.

Eaton Horse Wins

In the junior fine harness class, Memory, owned by Georgina Eaton of Twin Falls and ridden by Mrs. Ralph Simmons, copped first place against strong competition.

Century King's Princess triumphed in the halter class. This horse was ridden by Walt McCallie, Twin Falls, and was owned by Lyle Forest, Hamilton, Mont.

A special event featured a showing of the English hackney pony in harness of Mrs. Jenny Stewart, Twin Falls. Mrs. Stewart drove during this event.

In the English pleasure class, Happy Boy, owned by Melvin Hopkins, Blackfoot, and ridden by Mrs. Hopkins, walked away with the first place award.

Stock Horse Competition

One of the most interesting events for many of the spectators was the western stock horse competition, in which an old hand at winning such events, Don Hunter, Soda Springs, riding Dodger, copped top honors. Riding Dodger, he has won 29 first places in three years at shows in California, Utah and Idaho, and he also placed high in last year's show here.

In the five-gaited class with women riders, Suzanna Taylor, owned by Coy J. Howard, Bountiful, Utah, and ridden by Mrs. Coy Hayward, was adjudged first place winner.

J. Greene Wells' Golden Tex, ridden by Wells, was the victor in the western pleasure class with men as riders.

Continues Record

Lady Merry Legs, owned by Duffy Reed of Twin Falls and ridden by Mrs. Reed, continued her enviable record by winning the Tennessee walking horse class.

In the three-gaited open. Queen of Destiny, owned by Charles P. Rudd of Salt Lake City, and ridden by H. Bryant, won the trophy and first place prize money.

Two young Twin Falls women and their matched mounts won the matched pairs western event. They were Helen Greenhalgh and Arlene Lancaster, riding their pintos, Tony and Candy.

As the show was moving toward its close, the final event of the five-gaited open was delayed when one of the horses threw a shoe and the rider was given the regulation seven minutes for some fast blacksmithing before the show went on. Winner was Inland Empire, owned by Hayward and ridden by Merritt Fields.

Bob Stansbury succeeded in grabbing the last barrel in the musical chairs event to win that contest.

Grand finale of the show was appearance of the Jerome sheriff's mounted posse in a colorful drill.

Listed below are other winners, besides those in first place as mentioned above. Following the classes and the names of the horses, are the names of owners and riders or exhibitors, residence of the owner and the place won. Where only one individual's name appears, he or she was the owner and rider.

Jumpers—Shiek, Lewis Brothers Stages, Salt Lake City, T. G. English, second place; Dick, Thelma Farmer, Boise, third; Golden Ray, S/Sgt. Ivy Springer, Ft. Douglas, Utah, fourth.

C. Land and Cattle company, Contact, Nev., Mrs. Stewart, Twin Falls, fifth.

Matched pairs, western—Dick and Tony, Thelma Farmer and James Farmer, Boise, second; Rocky and Cricket, Mr. and Mrs. Ed. Skinner, third; Boots and Beauty, Judith and Kathryn Swim, fourth; and Bald Eagle and Whimpy, U. C. Land and Cattle company, Contact, Emmet Stevenson and Helen Damewood, fifth.

Five-gaited open—Century King, Walt McCallie, Twin Falls, second; Dorthula, Mrs. E. E. Bingham, H. Bryant, Logan, third; Wapappello, Melvin Hopkins, Blackfoot, fourth; and Shangri La, Bailey Bird, Salt Lake City, fifth.

Portions of the show Thursday night were broadcast over radio station KTFI, and another broadcast is scheduled for Friday night from 8:30 to 9 and 10 to 10:30 p. m.

Americans Face Tough Problems, Solon Declares

Americans are facing more critical problems now than during the war years, Sen. Henry C. Dworshak declared Thursday when he addressed the regular luncheon meetings of the Kiwanis club.

He said problems faced by Americans now should result in united desires whereas Americans are so divided that it is difficult for senators and representatives to understand what people want or attempt to gain objectives desired by the majority.

Senator Dworshak pointed out that it was the people of America who had the power to control actions of their government representatives. He said people in the United States should take greater advantage of that power to help build and mold the government into what most people desire.

The senator covered his activities in Washington in the remainder of his address.

Guests were the Rev. Donald B. Blackstone and Larry Laughridge. Judge Duvall was program chairman.

Hearing Asked on Steer Theft Count

Preliminary hearing was requested by Guy Lemmon when arraigned before Probate Judge S. T. Hamilton Thursday on charges of stealing a steer from Roland J. Hawes, Twin Falls.

Lemmon was released after posting $500 bond set by Judge Hamilton.

He was apprehended Wednesday when the steer he is charged with stealing was brought to the livestock sale in Twin Falls. Brand Inspectors Jim Benham and L. E. Hawkins discovered the steer had been stolen when they inspected sale stock. Hawes signed the complaint against Lemmon.

The requested hearing was set for 10 a. m. Aug. 28 by Judge Hamilton.

District PTA Meeting Is Set For Thursday

JEROME, Aug. 22—Fourth district Parent-Teachers association delegates will hold a convention Thursday, Aug. 28, at the Jerome LDS church, according to word from Mrs. Vic Geerisen, Fourth district president.

Scheduled activities include registration at 9:30 a. m. preceding the opening session at 10:00 a. m., luncheon at Wood's cafe at 12:15 p. m. and an afternoon business session at 1:15.

Theme of the convention will be "Laying Firm Foundations Through the Four Point Program." The four point program stresses school education, health, world understanding and education in parent and family life.

Mrs. J. C. Jepson, state president, will attend.

Committees appointed for Jerome PTA are: Program committee—Mrs. Vern Tomlinson, Miss Edmondson, Vern Tomlinson and Mrs. Ben Crouch; membership—Vern Tomlinson, Mrs. James Felton and Mrs. Kenneth Walker; publicity—Mrs. L. W. Sanberg; summer round-up—Mrs. Floyd Snead; hospitality—Mrs. Murray Jansen, Martha Tuller and Mrs. Ben Crouch; procedures—Mrs. L. W. Sanberg and Alice Molesworth; magazine—Mrs. Howard Brown; room mothers—Mrs. Vel Sullivan; study group—Mrs. Andy Magnelli; hot lunch—Mrs. Aloys Hof, Mrs. Don Taylor and Mrs. H. L. Prescott.

The executive board includes Mrs. Crouch, president; Mrs. Jensen, first vice president; Miss Tuller, second vice president; Mrs. John Hosman, treasurer, and Mrs. Del Scherer, secretary.

The committee to place flowers on teachers' desks includes Mrs. Heber Prescott, chairman; Mrs. Earl Case, Mrs. Tom Prescott, and Mrs. Hattie Bartholomew.

75 Take Part in Achievement Day

BUHL, Aug. 22 — Thursday was Achievement day for some 75 4-H boys and girls and their leaders from 21 west-end clubs. The event, sponsored by the Buhl Jaycees, attracted nearly 300 spectators.

The day's activities began at 10 a. m. at the F. H. Buhl school grounds and in the basement of the Methodist church. At noon, a picnic was held in the city park. Ice cream was furnished by the Jerome Cooperative creamery and the Sego Milk company, and other refreshments were served by Buhl merchants.

In the afternoon, members of 14 girls' 4-H clubs staged a style show while boys of seven clubs exhibited their project calves. All members participated in a parade through the business district.

County Club Agent Bill Priest called the event the most successful achievement day held in the west end of the county.

Nursing Class Will Be Given at Rupert

RUPERT, Aug. 22 — A new, streamlined Red Cross nursing class will open in Rupert soon, according to Mrs. Pearl Taylor, county nurse.

Offering classes for both men and women on Mondays, Wednesdays and Fridays, Mrs. Taylor recommends the course.

Interested persons can arrange to take the course by contacting Mrs. Charles Jones, county chairman of the Red Cross.

VISIT FRANK LAMB

KING HILL, Aug. 22—Mr. and Mrs. Jess Lamb, Davenport, Ia., brother and sister-in-law of Frank Lamb, visited him recently.

High Jumper

One of the horses providing thrills for spectators during the first night performance of the Magic Valley Horse show was Stinky, owned by Dan Rogerson of Eden. Although this horse didn't place in the money in the jumpers class, he went higher than any of the others, inspiring Announcer Jerry Crumrine to describe him as "part jackrabbit." Ticket

Hailey, Aug. 22—Crosby DeMoss, designer of the 1947 Idaho automobile license plate, has been issued a traffic ticket.

The ticket was issued during a state police traffic lane near Hailey —for failure to posses a valid driver's license.

Two Ski Lifts Being Placed At Sun Valley

SUN VALLEY, Aug. 22 (AP)—Construction of two new lifts on Baldy and Dollar mountains was started this week giving Sun Valley new ski runs of almost unlimited variety. The construction is expected to be completed in six weeks giving sufficient time for operational tests before official opening of the winter season Dec. 21.

The new Baldy mountain lift will supplement the present chair lift 10,500 feet in length and one of the longest in the world. The new lift will be 3,080 feet long with an elevation differential of 1,072 feet and will carry skiers as far as the roundhouse.

Like the Baldy lift already in operation the new line will carry 300 riders per hour with a cable speed of 524 feet per minute and 12 second intervals between chairs. On Dollar mountain the new lift will supplement the present 2,260 foot line and will extend into the nursery and beginners slopes.

The vertical rise of this lift will be 186 feet with an hourly capacity of 400 riders. Purpose of the lifts which will be constructed with steel towers and chairs like the present lines is to relieve traffic on runs at both mountains.

RETURN TO HOME

GOODING, Aug. 22—Mrs. Frank Gilmore and children have returned to their home in Logan, Utah, after spending the past six weeks with her mother, Mrs. Lou Peterson, and her sister, Mrs. Nelson King.

Missionary Will Return to Egypt

KING HILL, Aug. 22—Venna Patterson, Presbyterian missionary stationed in Cairo, Egypt, has received a call to return to her station in Egypt after spending a year in this area.

Supported by the King Hill Ladies Missionary society, Miss Patterson will take up her work in the rural areas in Egypt. She was notified that her duties would involve extensive traveling in the less accessible areas.

VISIT IN OREGON

KING HILL, Aug. 22—Mr. and Mrs. Orin Dexter and family are visiting relatives in Hubbard, Ore.

Let's Talk About Babies — and Milk!

You It seems like every day sees more and more doctors prescribing Special Morning Milk for babies' formulas.

We Yes, and there's a reason.

You You mean, because it has extra vitamins A and D?

We Yes, plus the fact that Special Morning Milk is produced especially for babies.

You How?

We Well, we take special care in processing to see that only the very highest quality cow's milk is used. Extra precautions are taken in every step, from farm to grocery store, to protect this milk for your baby. And remember—we add not only vitamin D but vitamin A, as well.

You I'm glad my doctor prescribed Special Morning Milk for my baby!
